NOVEMBER 3, 2026 · YOUR BALLOT, YOUR PARKS

REBECCA LEWINGTON

for East Bay Regional Park District Board of Directors — Ward 3

Engineer, communicator, and 30-year parks user. For three decades I've hiked and biked the East Bay's regional parks — they're where I walk my dog, take my photographs, and clear my head.

I'm running for the Park District Board because the parks we love should thrive for the next generation: **resilient against wildfire and climate change, welcoming to every community, and managed with care and common sense.**

Only Ward 3 voters — Castro Valley, Fairview, Union City, and parts of Hayward, Fremont, and San Lorenzo — choose this seat. That's you.

01
CLIMATE RESILIENCE

Wildfire prevention, reforestation, and native habitat restoration — at the scale the moment demands.

02
PARKS FOR ALL

Equitable access for every community and ability: outreach, transit connections, and programs that invite people in.

03
FINANCIAL STEWARDSHIP

Transparent, data-driven use of taxpayer resources — published where everyone can read it.

04
CONSERVATION & RECREATION

Protecting nature and connecting people to it reinforce each other. Partners, not opponents.

Equitable Access for ALL
